## VIRTUAL DOCTORING

### TELUS.COM

#### Requires a smart phone

- Download the **TELUS Health MyCare** app
- Sign up by creating an account
- **Book Appointment** to speak to a doctor or allied health provider (will require you to complete some identifying information upon set-up)
- Appointment will be for **ME**
- Select **Family Doctor** (for requisitions, specialist referrals, etc.)
- Enter details **“Referral for screening mammogram and/or ABUS”**; continue
- Select an appointment time from the provided calendar that your Virtual Doctor can “meet” with you (create an appointment)
- You will need to complete verification
- Adjust details for the exam as indicated on the next screen (ie. Format: video; Preferences: allow audio recording; Send consultation notes to family doctor)
- **Appointment Confirmation.** Your appointment is now booked. All the details for how your appointment will take place will be available on this page.
- **Please write down the PRAC ID# of the “Your Family Doctor” that your appointment has been booked with.** Click the arrow in this box. You will find the following information:

“Licence number: Provider ID: /CPSA: ##### / **PracID: ####-#####**”

**Please write the Prac ID number here:** \_\_\_\_\_

*Bring this with you to your Radiology Associates Appointment*

**At this point you should have an appointment booked with a virtual doctor on Telus Health MyCare.**

**They will fax the requisition for your exam to our clinic. We will call you to book your exam.**
